

Dear Friend of Lutheran Seniorlife,

Thank you for your interest in volunteering here at one of our communities. Volunteers from the greater off campus community are an important part of our mission in providing the Abundant Life® to our elders.

Volunteer Applications are available to download off this website. If you are between the ages of 13-18, you will also need to complete and return a Parental Permission Slip. This can also be downloaded from our webpage under the Volunteer section at [www.lutheranseniorlife.org](http://www.lutheranseniorlife.org).

Please complete the application in its entirety as this will help us find a volunteer area especially suited for you.

Your completed application, and parental permission slip if applicable, can be mailed to the Lutheran Seniorlife community at which you would like to volunteer. Addresses are located under the volunteer tab of the Lutheran Seniorlife website.

All volunteer applications undergo background and reference checks. If opportunities are open that match your background, skills and availability, you will be contacted to set up an interview and be informed of the date of the next orientation session. All volunteers must get a TB test (provided at no charge in our clinic) and attend orientation prior to starting their volunteer assignment. Volunteers at certain locations, such as LIFE centers, may also need a physical examination.

We trust that you will find that volunteering makes as much difference in your life as you will make in the lives of our residents.

Thanks again for your interest!

Sincerely,

The Volunteer Directors of Lutheran Seniorlife
