

The Commons at Stonebrook Village

is an apartment-style senior living community located in McCandless Township, just north of Pittsburgh.

The Commons offers 31 residential apartments that are surrounded by 50 acres of trees and streams. Although the setting is park-like, Stonebrook Village is only minutes from Interstates 79 and 279, Route 19 and McKnight Road.

Our floor plans include studio, one- and two-bedroom apartments, accessible by elevator. All apartments feature individual climate control, high ceilings and accommodating, large baths. Most one- and two-bedroom apartments have private balconies or patios.

A chef prepared dinner is served in a beautiful dining room and the furnished lobbies provide a place to visit with friends or simply relax. Additional amenities offered at affordable rates include a hair salon, visiting podiatrist and home care services through VNA, Western PA.

The monthly fees include:

- ◆ Chef-prepared dinner, seven days a week
- ◆ All utilities except telephone
- ◆ Free internet service in the second-floor lounge and library
- ◆ Weekly housekeeping
- ◆ Social events
- ◆ Laundry facilities
- ◆ Weekly transportation to a local shopping center

There are no buy-in fees or long term leases at The Commons. For individuals who call The Commons home, there are no worries about who is going to fix the leak under the sink, clean out the gutters, and cut the grass or shovel the snow!

Touring is the best way to determine if a particular community would be a good fit; plus, it provides the opportunity to meet your new friends and neighbors.

For more information, call the marketing coordinator at (412) 630-2200 .
